Use instructions: To replace 50g of whole egg (M size): Use 8g ImagiBake™ Supreme and 42g room temperature tap water (20–25°C).

M (50gr) = 8gr + 42gr

Two preparation options:

I. Dry blend method:
- Add ImagiBake™ Supreme to dry ingredients and mix well
- Add water to wet ingredients
- Proceed with your recipe

II. Pre-hydration method:
- Mix ImagiBake™ Supreme with water until fully dissolved
- Use as a direct whole egg replacement

Tip for batters: When using the dry blend method, add water first and mix at low–medium speed to fully hydrate. Then add oil and continue mixing until the batter is homogenous.

Application guidance:
- Start by replacing 50% of the egg content, test up to 75% for best results.
- Performance may vary by recipe, preliminary testing is recommended for optimal formulation.
